

ROBOTICS & ENGINEERING 2017 SUMMER CAMPS

JOIN US FOR A SUMMER OF LEARNING FUN!

This brand new WeDo Robotics 2.0 Brick system was just released by LEGO Education and will definitely enrich your child's camp experience.

- *All models are completely wireless giving your child the opportunity to explore and become even more innovative with each project they complete.
- *Students will extend their understanding with working motors and sensors
- *Students will program their models using IPADs
- *Students will develop their skills in science, technology, engineering, and mathematics as well as language, literacy, and social studies.

SIGN UP BEFORE May 25th and receive \$20 off

**WeDo 2 LEGO® Robotics: \$125 4 days 9:00-12:00pm or \$150 5 days 9:00-12:00PM
Entering 2nd Grade - 5thGrade**

HALF DAY CAMP: Working in teams, campers will use the newly released LEGO® WeDo 2.0 robotics kits and IPADs to explore a variety of building designs and programming. This is an excellent camp for those students who want an introduction to robotics OR who have had some experience with robotics. **Modules can be differentiated depending on the experience or level your child is at!**

DATES: July 10th-14th Choose either 4 days or 5 days to attend!
Session: 9:00am-12:00pm

Visit www.stemeducationmobile.com to register!
